## Career Objective

To Pursue a challenging career and be a part of a progressive organization that gives a scope to enhance my knowledge and utilizing my skills towards the growth of the organization.

## Academic Background

|           |          |                                                                     |                          |
|-----------|----------|---------------------------------------------------------------------|--------------------------|
| B.E       | Oct 2020 | Electronics & Tele-Communication Engineering,<br>Mumbai University. | CGPI<br>7.01<br>(65.23%) |
| Diploma   | Jun 2017 | MSBTE                                                               | 71.35%                   |
| Class XII | Feb 2014 | HSC                                                                 | 53.54%                   |
| Class X   | Mar 2012 | SSC                                                                 | 72.00%                   |

## Internship

1. **Unico Global Services** :- Currently, I am doing an Internship as **Software Testing Intern** in **Unico Global Tech Solutions Pvt. Ltd.**, for period of **three month** i.e. starting from 16<sup>th</sup> Nov, 2020 to 16<sup>th</sup> Feb, 2020.
2. **Dezignolics Pvt. Ltd.** :- Successfully Completed Internship as **Python Developer Trainee** in **Dezignolics Pvt.Ltd.**, for period of **one Month** i.e from 2<sup>nd</sup> December,2019 to 19<sup>th</sup> December,2019.

## Software Testing Skills

### Testing Proficiency:

- Strong Knowledge in SDLC, STLC and Defect/Bug Life Cycle.
- Knowledge of Agile model and Waterfall model.
- Knowledge of Test Plan, Traceability Matrix.
- Knowledge of White Box, Black Box, Gray Box Testing.
- Knowledge of writing, reviewing and executing Test Cases.
- Knowledge of Functional Testing.
- Knowledge of Smoke, Regression and various other types of Testing including Database and GUI Testing.

## Projects

### BE – Project :

- **Fuze Card** – The Project Fuze Card was designed on the idea of storing the multiple users card onto the single hardware. In this project we tried to achieve the same thing with the idea of storing the number and displaying the information linked to those numbers. The information linked to those stored number can also be accessed on Android Application which is connected to the hardware with help of Bluetooth Module. The Android Application is developed with “ Basics For Android ” i.e vb.net Programming.

### Diploma – Project :

- **Intelligent Helmet** – The main purpose of the project Intelligent Helmet is to make awareness about the importance of wearing helmet while driving. The project Intelligent Helmet is about wearing the helmet without which the bike will not start and it will also help to detect if the person is drunk or not and if accident happens it will send message to the registered mobile number.

## UiPath :

- Justdial Automation – Done the data entry job by extracting the name, number and address from the justdial Website.
- XML Automation - Extract data from xml file and updated it to the Excel file.
- PDF Automation - Extracted all pdf data from <http://rpademo.automationanywhere.com/master-pdf.php>
- ACME System - Calculate Client Security Hash.
- ACME System - Generate Yearly Report for Vendor.

## Automation Anywhere :

- Stock value Find – Compare to Excel with Stock name and find the stock value from <https://www.bseindia.com/markets/equity/EQReports/StockPrcHistori.aspx?expandable=6&scripcode=512289&flag=sp&Submit=G> for the year 2019 from Jan to Dec and update the values in Output.xlsx.
- Exchange Rate – Captured the Exchange rate for the previous day date from <https://www.exchangerates.org.uk/currency/currency-exchange-rates.html#> for Saudi Exchange rate from Middle East/Cen Asia tab (Saudi Riyal to Euro) And Sri Lankan exchange rupee rate from Asia/Pacific tab (Sri Lankan Rupees to Euros).
- Covid-19 Report (A2019) – Extracted the Covid-19 Live Information and mailed it to multiple email addresses.

## Certification

### RPA - Exam :-

| UiPath                | Automation Anywhere                   |
|-----------------------|---------------------------------------|
| RPA Developer Advance | AA Certified Advance RPA Professional |

### Python :-

Certification in “Python & Django Technology” By Securing ‘A’ Grade in Final Examinations.

## Technical Skills

|                                    |                                            |
|------------------------------------|--------------------------------------------|
| <b>Programming Languages Known</b> | : Python, Java[Learning]                   |
| <b>Automation Tool</b>             | : Selenium, Cypress                        |
| <b>Bug Tracker Tool</b>            | : Jira                                     |
| <b>Databases</b>                   | : MySQL, PostgreSQL                        |
| <b>Web Technologies</b>            | : Html5, Css3, JavaScript                  |
| <b>RPA Tools</b>                   | : UiPATH, Automation Anywhere(11.x, A2019) |
| <b>Others</b>                      | : Microsoft Office, Version Control – GIT  |
| <b>Operating Systems</b>           | : Windows, Linux (Ubuntu)                  |

## Strengths

- Able to work in a Team.
- Good Communication Skills.
- Good Listener.
- Active Learning and Critical Thinking.

## Extra Curricular Achievements

### Certificate of Participation in :

- Technical Quiz, Circuit making, Circuit Solution, Techbuild, Quiz of Series.

## Online Profiles

|                    |                                       |

To,

QA Infotech Private Limited,

[jobs@qainfotech.com](mailto:jobs@qainfotech.com)

15 January 2021.

**RE: Application for Software Testing Engineer Position**

Respected Sir/Madam,

As a young and motivated individual I am extremely interested in submitting an application for the Software Testing Engineer position with QA Infotech Private Limited.

In 2020 I completed my Bachelor's In Electronics and Tele-communications Engineering from Ramrao Adik Institute of Technology, Nerul.

After completing my Under Graduates I started my internship in Software Testing working as full time Software Tester Intern at Unico Global Services. This position has given me key employability skills while also allowing me to experience working in a professional and fast-paced work environment.

My responsibilities as a Software Test Intern at Unico Global Services are listed below but not limited to:

- Analyzing users' stories and/use cases/requirements for validity and feasibility
- Collaborating closely with other team members
- Executing all levels of testing (system, integration, and regression)
- Detecting and tracking software defects and inconsistencies
- Performing Database testing, GUI Testing and E2E testing on Mobile as well as Web based application.

I would appreciate the opportunity to meet with you to discuss my application at an interview. I have enclosed a copy of my resume for your consideration. I can be contacted on the details provided above.

Thanking you in advance for your time,

**Rohit D. Tupe**
